EVCC CAREER **PATHWAYS** Manufacturing Pre-Employment Certificate

Career Cluster:

MANUFACTURING PRE-EMPLOYMENT CERTIFICATE

Students that complete Manufacturing Pre-Employment (MFG T 102), will earn the two certificates outlined below. This is an optional entry into the Composites, Precision Machining, Welding and Fabrication, or Technical Design/CAD programs.

The <u>Manufacturing Pre-Employment Certificate</u> (12 credits), sometimes offered as I-BEST, is a one-quarter program designed to prepare students to work at the entry level in a manufacturing facility and the aerospace industry. This certificate may be considered a stand-alone credential for people seeking to enter the manufacturing field, or as part of a stackable set of certificates and degrees in the <u>EvCC Advanced</u> <u>Manufacturing Program</u>.

The <u>National Career Readiness Certificate</u> (NCRC) is an industry-recognized, portable, evidence-based credential that certifies essential skills needed for workplace success.
