

EVCC CAREER PATHWAYS Entry Level Welding Certificate

Career Cluster:

ENTRY LEVEL WELDING I-BEST PROGRAM

[Integrated Basic Education and Skills Training \(I-BEST\)](#) pairs English as a second language (ESL)/adult basic education (ABE) instructors with professional-technical instructors in the classroom to provide students with literacy education and workforce skills at the same time. I-BEST challenges the traditional notion that students must first complete all levels of basic education before they can begin workforce training

This two quarter I-BEST program prepares students for entry-level positions in welding.
