

EVCC CAREER PATHWAYS Networking Specialist Certificate

Career Cluster: Information Technology

NETWORKING SPECIALIST CERTIFICATE

The [Networking Specialist](#) (IT) program at EvCC offers several options for students. Certificates prepare students for entry level positions in networking and computer support-related career fields. These certificates, range from 18-72 credits, provide a foundation in computer networking essentials, and can lead to industry certifications. Associate degrees point you to more complex employment options and can also prepare you for transferring into a bachelor's degree program.

CAREER AND TECHNICAL EDUCATION OPPORTUNITIES

Courses are connected to and articulated with high schools via Tech Prep credit. If your school district is listed below, contact your counselor about how you can earn Tech Prep credit.

Arlington School District	Mukilteo School District
Everett School District	Snohomish School District
Lake Stevens School Dist	S. Whidbey School District
Marysville School District	WAVA (WA Virtual Academy)
Monroe School District
